V-AUTOMATE SNS

COMPANY OVERVIEW

At V-AUTOMATE SNS, we stand as a premier supplier of industrial products, services, and solutions across a diverse array of industries. Our comprehensive expertise encompasses Oil & Gas, Glass Manufacturing, Pharmaceuticals, Plastics, Food & Beverages, Perfumes, Dairy, Water and Waste Water Treatment Units, Waste to energy, Agriculture, and Aquaculture.

Our Team :

Owned and operated by a team of professionals with a collective experience of 30 years. This wealth of knowledge is the foundation of our company. Today, we offer our services across diverse sectors including Project Management, Oil & Gas Measurement systems, Glass Manufacturing, Pharmaceuticals, Plastics, food & beverages, Perfumes, Water and Waste Water Treatment Units, Waste to energy, Dairy, Agriculture, and Aquaculture.

Core Offerings :

At V-AUTOMATE SNS, we specialize in delivering bespoke solutions and services tailored to the unique needs of each industry we serve. We strive to fulfill our commitment to deliver excellence Innovation and reliability through our products and services.

V-AUTOMATE SNS

V-AUTOMATE SNS

Industry Focus :

Oil & Gas : Providing advanced solutions and automation services for increased efficiency and operational excellence in the oil and gas sector.

Glass Manufacturing : Offering specialized equipment and services to optimize processes in the glass manufacturing industry.

Pharmaceutical and perfume industry : Delivering precision and quality with our tailored products and services for the pharmaceutical sector.

Plastics : Supporting the plastics industry with advanced solutions, equipment, and materials.

Food & Beverages : Provide the bespoke solutions for seasoning, flavouring, variety of packaging solutions, form-fill-seal equipment, conveyance systems and environment control solution.

Water and Waste Water Treatment Units : Provide local, remote, distributed I-O automation, PLC-PAC, SCADA and wireless solutions.

Dairy : Milk processing, cheese production, fat extraction, environment control using PLC-PAC, SCADA and wireless solutions.

Aquaculture : Supporting the aquaculture industry with tailored products and services for sustainable and efficient farming practices.

OUR PRODUCTS

A detailed range of products offered by VAUTOMATE SNS is as below :

V-AUTOMATE SNS

V-AUTOMATE SNS

Process Instrumentation

- Control & Shutdown Valves
- Control panels, ESD, F&G and PAGA systems.
- Junction boxes and control stations suitable for safe and hazardous areas.
- Pressure, Temperature, Level & Flow instruments.
- Instrumentation Tubing & Fittings
- Analyzers & On-line analytical instruments
- Sample conditioning system
- Power & Instrumentation Cables
- Cable glands, Conduit, Cable tray and other E&I accessories

Process Automation

- Programmable Logic Controllers – Multi Family
- Machine Monitoring Systems
- Smart Devices
- Process Automation Controllers (PAC)
- Remote I-O, distributed I-O.
- LORA, LAN, CLOUD based devices.
- Robotics, Vision Systems.

Food & Beverage Processing

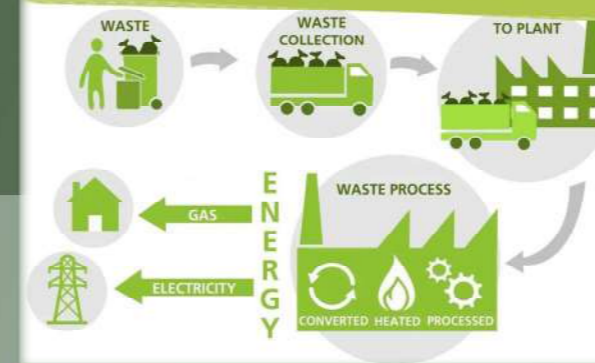

- Homogenization, Evaporators & Crystallizers & Separators & Dryers
- Recipe Management Controls
- Mixing, filling, packing, counting, printing equipment's
- Batch weighers
- Weight, volume, mass, time-based liquid, paste, syrups, powders - System
- Withering & Tea, coffee processing automation system
- Seasoning and flavoring systems.

Perfume Industry Automation

- Homogenization, Evaporators & Separators
- Recipe Management Controls
- Mixing, filling, packing, counting, printing equipments
- Weight, volume, mass, time-based liquid, gases & powders - System
- Automatic conveyance system.

Waste to Energy Solution

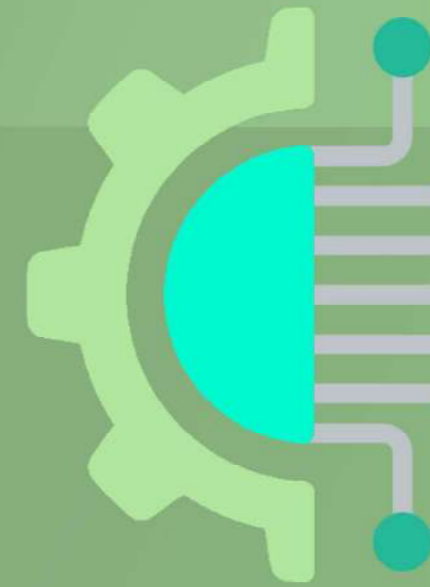

- SMART Containerized Organic Waste to Energy solutions offered in various scales and footprints.
- Our waste to energy solutions helps to reduce greenhouse gas emissions, provide source of which compostable gas and compost for agriculture.
- Our waste to energy product solutions are most suitable for HORECA, Malls, labor accommodations, fruit and vegetable market, catering companies and slaughter houses.

Fabrication (Mechanical)

- Through a network of our reliable partners we deliver mechanical fabrication jobs which includes
 - Complete fire approved door program
 - Walls panels for internal use
 - Fire approved ceiling system
 - Inspection hatches for wall and ceiling system
 - Floating floor system
 - Toilet unit (Prefab or build up by panels)
 - Basically any complex design fabrication which needs to be customized as per project requirement can be easily produced at Techshore ME.
- Skid based fabrication
- Pipes and support fabrication

A fresh approach to Solutions

Don't worry we have it

Discover the difference

We are partners to various equipment supply companies.
Few of them are as below

Supply Chain Management

- Voltant UAE
- Techshore UAE
- Tektrol UAE
- Gulf Light UAE
- Arabian Falcon Electrical Equipment UAE
- PCM Europe France
- Automation Synergies UAE
- Seecab cables UAE
- FGT UAE

Automation Expertise :

In addition to our diverse industry focus, we bring specialized expertise in automation-related services for the Oil & Gas, Food & Beverages, and Perfume industries. Our automation solutions are designed to enhance operational efficiency, improve processes, and optimize performance.

We would be keen to discuss about a range of opportunities and services that we could cater to enhance your business. Please feel free to contact us through sales@vautosns.com

"As we look to the future, V Automate SNS remains steadfast in its mission to revolutionize industrial processes, drive digital transformation, and contribute to the overall advancement of industries globally. Thank you for considering us as your automation partner. Together, let's build a future where efficiency knows no bounds and possibilities are limitless."
